

Remarks

The Communication mailed March 27, 2002 has been received and reviewed. The application is to be amended as set forth. Claims 1-14 and 26-30 are to be canceled without prejudice or disclaimer. New claims 34 through 50 are to be added. Basis for the new claims can be specifically found in the originally filed claims (*i.e.*, before entry of the Preliminary Amendment). It is thus submitted that no new matter has been added.

In the Communication, the Office entered a restriction requirement under 35 U.S.C. § 121 dividing the claims into five groups. Applicant elects, without traverse, the invention of Group V. Applicant has accordingly canceled the non-elected claims, and presented new claims 34 through 50 (dependent on the elected claims) claiming particular embodiments of the invention.

The application should now be in condition for substantive examination. If questions should exist after consideration of the foregoing, the Office is kindly requested to contact applicant's undersigned attorney.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Allen C. Turner", with a stylized flourish at the end.
